Hi Marie,

As background, the two source buildings (901 and 902 Thompson Place) were demolished around 2007 and a single building was constructed and given the new address 875 Arques Avenue. The building is now used as a self-storage facility.

Hi, I'm going to chat with Marie about reassigning this task (along with the FYR) since it is something completely new and it might be better for me to focus on wrapping up my existing projects but some more background will be great regardless of whether I work on this now or it is reassigned.
